**DURABLE SOLUTIONS,  
FOR ANY ENVIRNOMENT**

# EXAMPLE SOLUTIONS

# PRINTED ELECTRONICS SINCE 1989

- Fast prototyping with reasonable overall costs
- Extensive material library
- Ensuring process quality
- Integration of electronics and mechanical parts
- Rapid scaling to mass manufacturing

From prototype development to mass manufacturing

# TOUCH INTERFACE SOLUTIONS

- Membrane switches enable large area human-machine interfaces
- Doming and Braille
- Large area illumination / Backlighting
- Produced to match customer specific requirements
  - EX, ESD, EMC...
  - OCA

From prototype development to mass manufacturing

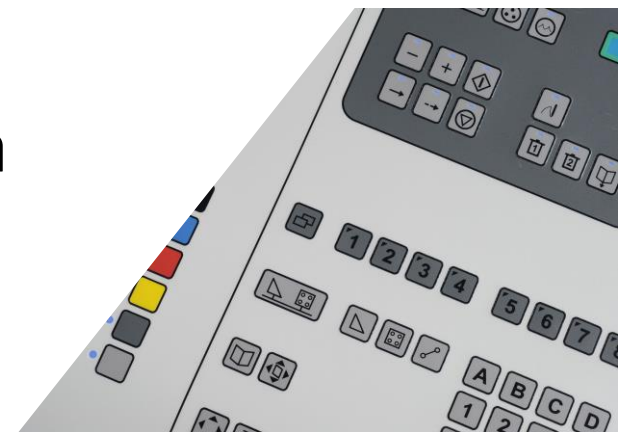

# QUALITY MANAGEMENT

- ISO 13485 & 9001 certified
- Quality Management is essential for the success of any medical device
- Our QM system makes us:
  - Constantly improve our processes
  - Produce constant and reliable results
  - Support clients with documentation and process validations

# WHY WORK WITH SCREENTEC

- We want you to succeed and to grow together
- In-house process and manufacturing for streamlined processes
- Reactive and Flexible – fast turnaround for development projects
- Experience in hybrid assembly and manufacturing in multiple medical projects
- Full scale manufacturing capability of your product in accordance with ISO 13 485 & ISO 9001 standard
